## The Sulthan Bathery Diocese of the Malankara Orthodox Syrian Church

By the Grace of God  
**Dr. Abraham Mar Eppiphanius**  
Diocesan Metropolitan

Blessings to Dr. Sheba M. Joseph (The Principal), Rev.Fr.Jins N.B., Mr. Sabin Baby (Editors) and all other members of the family of our St.Mary's College, Sulthan Bathery.

All the civilizations of the world flourished on the banks of great rivers because water was an inevitable aspect of human development. We need to preserve the source of water and make the minimum use of water in our daily use. The scorching heat of the summer makes the ponds and wells dry and there is a felt need for preserving drinking water. As we travel across the country we see the vast stretch of barren land without any cultivation and people walking miles away in search of drinking water. Every year the summer season becomes increasingly unbearable, and along with it brings many contagious diseases. There is sufficient rain in our land during the monsoon. It is better to store maximum quantity of rain water as a precaution against the scarcity of water during summer. By cleaning the wells and nearby ponds a good quantity of rain water can be stored for future use. The coming monsoon can be a good occasion to harvest rain water. Our houses and buildings should not flow away the rain water. Our civic sense should be awakened to make necessary arrangements for utilizing the opportunities. Our institutions can work together and all who are related to our institutions can join hands to preserve water, an invaluable treasure in the earth. Let all our seasons become life giving and soothing for all living beings.

May God Almighty bless and keep you safe from all dangers and shower His wisdom and strength!

with blessings and Prayers

# PRINCIPAL'S ANNUAL REPORT 2017-18

**Dr. Sheba M. Joseph MSc., B.Ed., M.Phil, PhD**  
PRINCIPAL

**We** have the firm belief in the creed of our College "With God Nothing Shall be Impossible". "With a passion to excel we have to achieve our mission through mutual co-operation and selfless commitment.

St.Mary's College, the first and outstanding higher education institution in Wayanad after achieving the prestigious re-accreditation by NAAC in 2017 with 'A' grade status, has further shown its academic excellence and extended its activities for social commitment during the academic year 2017-18.

The Management of the college developed more infrastructure, improved various facilities for the upgradation of the Library and carried out activities for the academic improvement of the students and teachers. The management is encouraging more teachers for higher studies such as PhD and in building up good rapport with the general public supporters and stakeholders of the college. With the support of the management, teachers and ministerial staff, the college hosted national seminars & workshops very effectively. As recognition from the MOC management, our college has been selected one of the best colleges out of the six colleges owned by them. Certificate of excellence obtained for 100% results in the department of M.A English, M.A Politics and M.Sc Chemistry & Botany.

Many Other programmes were also introduced in the campus. Our college is selected as a sub centre for conducting Diploma in Computer Application and Beauty Parlour Management Programmes by the Centre for continuing Education Kerala, a venture of the Kerala Government and ASAP an initiative of the Department of Higher Education.

A study centre of Indira Gandhi Open University is functioning in our college. With this introduction it is my absolute delight and pleasure to present a brief report of the activities of our campus this year. The report is divided into various sections - initially focusing the students, then the library and finally- other facilities, support services, endowment awards etc.
