

St. Mary's College, Sulthan Bathery, Wayanad
Tribal Out-Reach Programme - ARIKE

'Arike'

Arike (near-by) is a project initiated by the Internal Quality Assurance Cell (IQAC) of St. Mary's College, Sulthan Bathery. Its objective is to strengthen the underprivileged communities living near the college. It aims:

- to provide remedial coaching to the school going children and to reduce the number of school dropouts.
- to cater to the health problems faced by the members of the community.
- to empower women with certain knowledge of life-skills and women's rights.
- to address the issues related to drugs and tobacco.
- to know the traditional skills and knowledge of the community.

Internal Quality Assurance Cell (IQAC) has initiated a project called Arike to stand along with the downtrodden people of the nearby community. The inaugural ceremony of the project was held on 2nd October 2021 at Yuvarasmi Library, Kuppadi at 10.30 am. IQAC Coordinator Dr. James Joseph welcomed the gathering and explained to the gathering the objective and aims of the project Arike. Prof. John Mathai, our Principal, in his presidential address talked about the significant contribution of the tribal community of Wayanad in the freedom fight and their contribution in preserving the nature and endemic culture. Mr. T. K. Ramesh, Chairman, Sulthan Bathery Municipality, inaugurated the project and distributed the 'set mundu'(dress worn by ladies) to ten elderly ladies selected from the two colonies. The financial assistance for the programme and the present was provided by the college management as the first step of the project. The Chairman appreciated the college for coming up with such a project and ensured the support of the municipality. Smt. Sheeba Chacko, the Ward Councilor and Mr. Shaji A T, the Secretary of the Yuvarasmi Library expressed felicitations for the new venture. Mrs. Renie Mathews, Joint Coordinator of IQAC, Ward Promoter, Anganawadi teacher, Ashaworker and a few well-wishers attended the meeting. Dr. Misha T Elias, IQAC Joint Coordinators proposed vote of thanks. The meeting came to an end at 11.45 am.

"ARIKE" PROJECT

St Mary's College, Sulthan Bathery is situated in a Taluk which has the highest tribal population in Wayanad, one of the hundred economically backward districts in the country, in the state of Kerala.

Wayanad district takes in more than 50 percent of the tribal population of the state.

The campus of the college is surrounded by a number of tribal hamlets besides pristine green tropical forests of Western Ghats with all the beauty of its flora and fauna. It is quite natural for the college to adopt a theme 'Arike' which means take along and to be with. A higher education institution and many tribal hamlets is a very rare combination to be found elsewhere in the country.

Arike is a humble attempt for the proactive understanding of the socio-economic and educational challenges the tribal population is facing in the selected hamlets.

On the 2nd of October, the day of Gandhi Jayanti, the birthday of the Father of the Nation, Mahatma Gandhi is particularly selected to launch the programme Arike with a humble gesture of venerating Gandhi, for it was 100 years since Gandhi adopted Khadi as his weapon to fight the British because it is a symbol of self-reliance, quality, equality and equity.
